MD ASIF SIDDIQUI

Deoria , UP | +918604899882 | asifsidcontact@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Motivated Computer Science graduate with hands-on experience in developing responsive, user-centered web designs and delivering high-quality, scalable web solutions. Skilled in collaborating with cross-functional teams to meet project goals, optimize user experience, and address business needs effectively.

PROJECTS

UniFinder | *ReactJs , Material UI , Firebase , React Libraries , Git*   View
- Developed "UniFinder," a centralized platform to simplify university life with easy access to campus information.
- Implemented a user-friendly search feature with interactive maps and detailed listings, improving information access for 500+ users and reducing search time by 50%.
- Integrated Firebase backend for photo uploads, reviews, and user-suggested amenities.
- Engineered a scalable web app structure, optimizing code efficiency to boost mobile load speed by 25% and improve performance ratings by 15%.

YouTube Clone | *ReactJs, Material UI, Rapid* Api, Redux, Firebase, Git   View
- Integrated Firebase Authentication for secure user sign-up and login.
- Built a video browsing and engagement system, supporting interaction across 10+ categories and increasing user engagement by 30%.
- Managed video metadata, comments, and user profiles via Firestore.
- Optimized cross-platform performance with responsive design, achieving a 25% increase in user satisfaction across devices.

World View | *ReactJs, Material UI, APIs, Git*   View
- Integrated multiple APIs for fetching country data and news, improving data retrieval efficiency by 30%.
- Implemented search, filtering, and pagination, boosting user engagement by 40% and reducing navigation time by 25%.
- Designed a responsive interface with Material UI, achieving a 20% increase in user satisfaction.

EXPERIENCE

SmartML labs | Frontend Developer Intern (Remote, USA)   July ,2024 – Till Date
- Collaborated with a globally distributed team to design and optimize responsive web components with Figma, React.js, and Tailwind, which enhanced the design-to-development process and boosted efficiency by 20%.
- Partnered with back-end developers to integrate UI components with APIs and databases, accelerating full-stack development and cutting integration time by 15%.
- Authored scalable, reusable, and maintainable code, adhering to industry best practices, which led to a 25% reduction in code-related bugs and improved overall code quality.

TECHNICAL SKILLS

Languages: C++, HTML, CSS, JavaScript
Libraries: ReactJs, Redux, Material UI, Tailwind CSS, Axios
Dev Tools: Visual Studio Code, Git, GitHub, IntelliJ
Backend: Node.js, Express.js, MongoDB, Firebase
Other: Context API, API Integration, App Routing

EDUCATION

Bachelor of Technology in Computer Science and Engineering   *CGPA:8.9*
Integral University, Lucknow   Aug,2020 - July,2024
